U.S. PUBLIC LAND SURVEY MONUMENT RECORD

Register of Deeds

NOTE: This form is intended and designed to fulfill all requirements of Wisconsin Administrative Code, Chapter A—E 7 .08 U.S. Public Land Survey Monument Record (3)(a)(b)(c)(d)(e)(f) (g)(h)(i). An additional sheet may be added if necessary to conform with said requirements.

(a)Corner location: Township <u>36</u>North

Range 12 East

Town of ____Crandon

County of Forest

(b)(f)(g)(h) Description of monument found at this corner and if it was accepted, state all evidence (material, testimonial, occupation, plats, records, other monuments) used as a basis for accepting. If not accepted or if nothing was found, state evidence used as a basis for establishing location. If reestablished through lost corner proportionate methods, indicate all monuments, distances and directions used to establish. Indicate type of monument found or set and sign post.

1858 — A. Millard established original corner post; BTs: 20" Lynn, N55E, 23 lks.; 12" Sugar, N40W, 21 lks.; 10" Yellow Birch, N55W, 39 lks.; 12" Sugar, S45E, 4 lks.

July 28, 1977 — Philip T. Hansen established corner from re—established Section Corner 33, 34, and 4 and 1/4 Corner between Section 34 and 3. He ran traverse between above corners to compute distance 2636.137 ft. at bearing N88'59'E. He continued traverse and set Section Corner 2, 3, 34 and 35 at same bearing at 2636.137 ft. No evidence of any old corner recovered after intensive search. He set 1-1/2" by 18" iron pipe 5" below surface of Sipple Road. He also set a 2-1/2" Berntsen Aluminum Witness Monument 60 links (39.60 ft) North and bearing trees as notes: 6" Sugar, S36'E, 64.5 lks. (42.57 ft); 8" Sugar, S44'W, 64.5 lks.(42.57 ft); 7" Sugar, N50'W, 75.2 lks. (49.63 ft); 8" Sugar, N44'E, 62.7 lks. (41.38 ft).

June 14, 2006 — Jonathan W. Dulin visited corner and found a 2-1/2" aluminum witness monument and four Maple bearing trees established by Phillip Hansen in 1977. We looked for the monument in the road, but it was missing. We set a 3/4" by 24" iron rebar, 4" below the road surface, using the existing bearing trees and witness corner. We set new witness corners as shown below.

(c)(d)(e) Plan view of corner with ties to at least 4 witness monuments. If in disagreement with previously established corner, show the distances between the two corners and also indicate the ties to the disputed corner.

O = Corner monument restored.

CERTIFIED LAND CORNER RESTORATION

Index No.A-17

History of original corner establishment:

Original corner established by A. Millard in 1858 from which Lynn 20" bears N55°E, 23 links; Sugar 12" bears N40°W, 21 links: Yellow Birch 10" bears N55°W, 39 links; Sugar 12" bears S45°E, 4 links.

No records of any subsequent survey.

Description of corner evidence found:

Corner established from re-established section corner 33, 34, & 4 and 1/4 corner between Section 34 and 3. Ran traverse between above corners to compute distance 2636.137 ft. at bearing N 88° 59' E. Continued traverse and set Section Corner 2, 3, 34 and 35 at same bearing at 2636.137 feet. No evidence of any old corner recovered after intensive search.

Description of monument and accessories I established to perpetuate the original location of this corner. Set 1½" x 18" iron pipe for true corner in centerline of road, 5" below surface of Road. Set 2½" Berntsen A-1 Federal Monument, aluminum with magnet installed in cap and be witness corner, 60 links north. Cap stamped:			
Monument projects 2' above ground.
