U,Ş.
State of Wisconsin ss.
County of Forest
I Milo E. Stefan , do hereby
certify that on the 8th day of March , 19 89, I found
evidence of the South Quarter corner of Section 33
Township37, North, Range
12 East Fourth Principal Meridian, as described hereon; and that from this evidence
I established a new monument and accessories as described hereon to perpetuate the original
location of this corner.
Resident witnesses:
Jeffrey Kennedy
Myron Smith
Richard Belliveau

= Corner monument restored.

History of original corner establishment:	
1858 - Alfred Millard established this two BTs:	corner at 40.00 chains and set a wood post and
7" Cedar, South, 26 links	10" Yellow Birch, N75°W, 38 links
1975 - Thomas Arnott restored corner. two BTs:	He placed an aluminum Forest County monument with
6" Cedar, S42°E, 22.44'	8" Cedar, N70°W, 31.27'

Description of corner evidence found: Forest County monument with Arnott's BTs in excellent condition.

Bearing to Arnott's NW BT is N59°W, not 70°.

A local BT of 50 years bears S33°E, 17.93'.

Certificate #108394 dated 12/16/75.

Description of monument and accessories I established to perpetuate the original location of this corner.

We placed a steel sign post, East, 5.0' and made two new BTs:

6" Cedar, N60°E, 26.14'

6" Black Ash, S20°W, 26.02'

We painted accessories to Forest Service standard, that is a red band around each tree, BT tags on the front and back with the stump blaze scribed and painted.

Describe any material discrepancy between the location of the corner as restored or (e) reestablished and the location of that corner as previously restored or reestablished by distance and direction. Show the discrepancy on the plan view drawing under (d), above. Show the distances between the corner as previously restored or reestablished and (1) the corner as restored or reestablished, and (2) to at least 2 of the witness monuments shown on the drawing in (d), above.

n/a

- (r) was the corner restored through acceptance of (1) an obliterated evidence location, or, (2) a found perpetuated location?
 - (2) a perpetuated location
- (g&h) was the corner reestablished through lost corner proportionate methods? If so, show the method, including the directions and distances to other public land survey corners used as evidence or used for proportioning in determining the corner location?

(i)

(type or print name) certify that the corner location shown on this record was determined by me or under my direction and control and that this U.S. Public Land Survey Monument Record is correct and complete to the best of my knowledge and belief.
