State	of Wisco	onsin	ss.		
State of Wisconsin  County of Forest					
I Gary L. Pisoni do hereby certify that on the 6th day of August 19 90 I found evidence of the West quarter corner of Section 2  Township 39 North, Range 13 East Fourth Principal Meridian, as described hereon; and that from this evidence I established a new monument and accessories as described hereon to perpetuate the original location of this corner.

History of original corner establishment:
Original Government survey in

Original Government survey in 1865 by William E. Daugherty and Alex McDill. South corrected between Sections 2 and 3, at 40.42 chains, set quarter section post.

Dependent resurvey in 1978 by Gary L. Kratz and Michael J. Avery.

Description of corner evidence found:

Found dependent resurvey monument of 1978, but erroneously set.

No original corner evidence recovered.

Corner position is restored at proportionate distance and on line between the Southwest and Northwest Section corners of Section 2.

Description of monument and accessories I established to perpetuate the original location of this corner.

At the corner position, set a  $2\frac{1}{2}$  inch diameter aluminum pipe monument, 3 feet long, 3" above the ground surface, with an aluminum cap stamped; T39N, R13E, 1/4, S-3, S-2, 1991, S-1634, from which the following new blazed and scribed bearing trees bear; (measurements taken to a nail in side of tree)

Balsam 7"	N 18_W	14.45 feet
Balsam (71)	s 49°E	15.09 feet
Balsam 4"	s 24°W	14.07 feet
White Spruce 13"	и 88°W	4.19 feet
BLM Aluminum pipe monument	s 65 <sup>0</sup> 14'20'E	31.40 feet
(erroneous mon.)	_	
Steel sign post	N 49 <sup>0</sup> E	0.83 feet

(a) Describe any material discrepancy between the location of the corner as restored or reestablished and the location of that corner as previously restored or reestablished by distance and direction. Show the discrepancy on the plan view drawing under (d), above. Show the distances between the corner as previously restored or reestablished and (1) the corner as restored or reestablished, and (2) to at least 2 of the witness monuments shown on the drawing in (d), above.

See drawing below.

was the corner restored through acceptance of (1) an obliterated evidence location, or, (2) a found perpetuated location? . . . .

Restored through lost corner proportionate methods.

(gkh) was the corner reestablished through lost corner proportionate methods? If so, show the method, including the directions and distances to other public land survey corners used as evidence or used for proportioning in determining the corner location?

Re-established through lost corner proportionate methods.
