U.S. PUBLIC LAND SURVEY MONUMENT RECORD

Index	No.	R-24	, 25
MUGS	140		

State of Wisc				
County of Forest	} ss.			
I William B. Cochrane do hereby certify that on the 10th day of June 19 86, I found evidence of the Meander Corner (West Shore) corner of Between Sections 24 and 25 Township 39 North, Range 14 East Fourth Principal Meridian, as described hereon; and that from this evidence I established a new monument and accessories as described hereon to perpetuate the original location of this corner.				
Resident witnesses:				
David Brownell				
State Plane Co-ordinates N- 247,939.7420 E-2,336,289.9410				
SECTION	DN 25			
O = Corner monument	restored.			

History of original corner establishment:

Original Government Survey in 1865 by William E. Daugherty and Alex McDill. East on true line between Sections 24 and 25, at 62.50 chains, to lake. Set meander post from which the following bear;

11 1ks. N40°E Tamarac S80°W 15 1ks. Tamarac

Description of corner evidence found:

Found a 2"x2"x48" Cedar Pickett with red paint on top.

No other corner evidence was recovered.

I accept the wood pickett as the best available evidence for restoring the corner position.

Description of monument and accessories I established to perpetuate the original location of this corner.

In place of wood pickett, set a $2\frac{1}{2}$ inch diameter aluminum pipe monument, 5 feet long, 4 feet in the ground, with an aluminum cap stamped; T39N, R14E, Meander Corner, S24, S25, 1986, S-1107. From which the following new blazed and scribed bearingtrees bear;

Cedar	8"	N85°W	27.80	feet
Cedar	6"	North	33.63	feet
Steel Sign	Post	East	1.00	feet
Shore Line	of Long Lake	East	+ 20.00	feet

(Register of Deeds)

Describe any material discrepancy between the location of the corner as restored or reestablished and the location of that corner as previously restored or reestablished by distance and direction. Show the discrepancy on the plan view drawing under (d), above. Show the distances between the corner as previously restored or reestablished and (1) the corner as restored or reestablished, and (2) to at least 2 of the witness monuments shown on the drawing in (d), above.

See drawing below.

(r) was the corner restored through acceptance of (1) an obliterated evidence location, or, (2) a found perpetuated location?

Restored from accepted evidence.

(g&h) Was the corner reestablished through lost corner proportionate methods? If so, show the method, including the directions and distances to other public land survey corners used as evidence or used for proportioning in determining the corner location?

8" Cedar(New bearing tree)
