CERTIFIED LAND CORNER RESTORATION

I. Milliam R. Cochrans, do hereby certify that on the lat	State of Wisconsin s	is.				
I found evidence of the East Quarter corner of Section 28 Township 38, North Range 14 East Fourth Frincipal Meridian, as described hereon and that from this evidence I established a new monument and accessories as described hereon to perpetuate the original monument and accessories and subsequent restorations: Surveyed in 1865 by Wm. E. Daugherty North between Sections 27 and 28 40.00 chains set quarter section post White Pine, 36", sl7W, 32 lks. Fir, 8", 365°B, 11 lks. Description of corner evidence found: 5".x 5" scribed cedax post in a mound of stone. 1 inch dismeter iron pipe, Scuth of the wood post, 1.0 st. From the wood post; White pine, stump, 40", bears, \$17°W, 32 lks. No swidence of the fir bearing tree. Description of monument and accessories I established to perpetuate the location of this corner: I replaced the wood post described above, with a 2 inch inside diameter, galvanized pipe, 3 feet long, filled with concrete, with a brass cap marked: T39N, R14E, 1/4, \$27, \$28, 1973, \$-1107 From Which: N. Spruce, 7", bears \$26°W, 21.86 feet W. U. S. PUBLIC LAND SURVEY MONUMENT RECORD

INSTRUCTIONS:

This record shall show the location of the corner and shall include all of the following nine elements (a through 1).

(a) identify the corner by reference to the U.S. public land survey system.

O = Corner monument restored.

Quarter Corner common to Sections 28 and 27 T39N, R14E, Forest County, Wisconsin

(b) Describe any record evidence, monument evidence, occupational evidence, testimonial evidence or any other material evidence you considered, and whether the monument was found or placed.

Original Government Survey in 1865 by William E. Daugherty and Alex McDill.

In 1975, William B. Cochrane, a Land Surveyor with the U.S. Forest Service, restored the corner position from a found 5"x5" scribed post. He accepted the wood post as the best available evidence for restoring the corner position. He set a 2" diameter galvanized iron pipe, 3 feet long with a brass cap stamped as follows: T39N, R14E, S28, S27, 1/4, 1975, S-1107, from which the following bear:

White Spruce 7" S 26°W 21.86 feet White Spruce 7" N 70°W 7.65 feet Steel sign post North 1.7 feet Iron pipe 1" dia. South 1.0 feet

On 6/14/99, Gary L. Pisoni RLS found above monumentand assessories as described below.

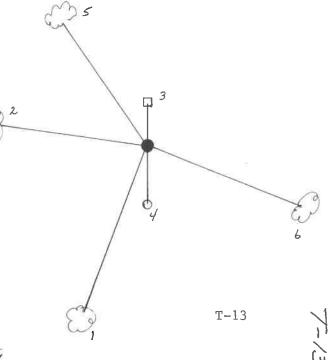

See previous Land Corner Certificate dated March 31, 1975, Document Number 106873

- (c) In the pian view drawing below, provide reference ties to at least 4 witness monuments, or, if the location is within a municipality, to at least 2 witness monuments. (witness monuments shall be made of concrete, natural stone, Iron orother equally durable material.)
- (d) Show a plan view drawing depicting the relevent monuments and reference ties which is sufficient in detail to enable accurate relocation of the corner monument if the corner monument is disturbed, indicate north.
 - 1. White Spruce, 13", S26°W, 21.86 feet
 - 2. White Spruce, 12", N 70°W, 7.65 feet
 - 3. Steel sign post, North, 1.70 feet
 - 4. Iron pipe, 1", South, 1.0 feet
 - 5. White Spruce, 12", N 18°W, 8.40 feet (NBT)
 - 6. White Birch, 12", S 45°E, 17.34 feet (NBT)

Forest County, Wis. |
Received for record this 27 day
of October A.D., 19.99, at
10:05.0'clock A.M. and recorded
in Vol. Corner Restoration
page T-13

Kay Swanson, Deputy
Register of Deeds

(e)	Describe any material discrepancy between the location of the corner as restored or
	reestablished and the location of that corner as previously restored or reestablished
1,47	by distance and direction. Show the discrepancy on the plan view drawing under (d).
	above. Show the distances between the corner as previously restored or reestablished
	and (1) the corner as restored or reestablished, and (2) to at least 2 of the witness
	monuments shown on the drawing in (d), above.

None

(f) Was the corner restored through acceptance of (1) an obliterated evidence location, or, (2) a found perpetuated location ?

(g & h) Was the corner reestablished through lost corner proportionate methods? If so, show the method, including the directions and distances to other public land survey corners used as evidence or used for proportioning in determining the corner location?

(1) ٠١,

> (type or print name) certify that the corner location shown on this record was determined by me or under my direction and control and that this U.S. Public Land Survey Monument Record is correct and complete to the best of my knowledge and bellef.
