Corner monument restored.

## CERTIFIED LAND CORNER RESTORATION

Index No. <sup>G-13</sup>

History of original corner establishment:

Original government survey in 1865 by William E. Daugherty. North between Sections 9 and 10 at 40 chains, set quarter section post, from which the following bear:

Tamarack 8" S55°W 9 1ks Tamarack 8" N42°E 15 1ks

Description of corner evidence found:

No original corner evidence recovered found  $2\frac{1}{2}$  pipe set by the USFS in 1991 by Bill Cochrane. I added two new bearing trees.

Description of monument and accessories I established to perpetuate the original location of this corner.

At corner position, found a  $2\frac{1}{2}$ " diameter aluminum pipe monument, 3 feet long,  $2\frac{1}{2}$  feet in the ground, with an aluminum cap stamped: T40N, R13E,  $\frac{1}{4}$ , S9, S10, 1991, S-1107, from which following bear:

Black Spruce	10"	N55°E	22.70 feet
Black Spruce	5 <b>"</b>	S14°E	28.41 feet
Tamarack	811	S44°W	44.50 feet
Black Spruce	7"	NO1°E	16.27 feet
Steel Sign Post	-	NW	0.39 feet

(e) Describe any material discrepancy between the location of the corner as restored or reestablished and the location of that corner as previously restored or reestablished by distance and direction. Show the discrepancy on the plan view drawing under (d), above. Show the distances between the corner as previously restored or reestablished and (1) the corner as restored or reestablished, and (2) to at least 2 of the witness monuments shown on the drawing in (d), above.

See Sketch Below.

(f) Was the corner restored through acceptance of (1) an obliterated evidence location, or, (2) a found perpetuated location?

(g & h) Was the corner reestablished through lost corner proportionate methods? If so, show the method, including the directions and distances to other public land survey corners used as evidence or used for proportioning in determining the corner location?
