# PLAT OF SURVEY FOR CERTIFIED LAND CORNER Sheet 1 of 5 RESTORATION AND ESTABLISHMENT BEING THE CORNERS FOR THE NWI/4, N I/2 - SE I/4, AND NI/2-SWI/4, OF SECTION 14, T.36 N.R.14E., FOURTH PRINCIPAL MERIDIAN COUNTY OF FOREST, STATE OF WISCONSIN

- 2 inch I.D. iron pipe monument with brass cap set by U.S.F.S.
- 2 inch diameter aluminum pipe monument with an aluminum cap set by James J. Fronsoe
- O Chiseled an "X" on a rock to mark the corner and placed a 2½" diameter Witness Corner aluminum pipe monument, 36 inches long with an aluminum cap
- O 2½ inch diameter aluminum pipe monument, 36 inches long with an aluminum cap
- 1 inch diameter aluminum pipe monument, 36 inches long with an aluminum cap

Boundary line marked to Forest Service standards

Sheet 2 of 5

### SURVEY NOTES

This survey was made by Gary L. Pisoni, a Registered Land Surveyor in the State of Wisconsin, for the U.S.D.A., Forest Service, for the purpose of recovering, restoring, establishing, marking, and perpetuating the corners and boundary lines of U.S. Government Land on the perimeter and within Section 14, Township 36 North, Range 14 East, Fourth Principal Meridian, Forest County, State of Wisconsin, as shown on the plat map herewith.

The Original Government Township Lines was done by Artemas Curtis, U.S. Deputy Surveyor in September of 1857. The original Government Sub-division of this township was done by James McBride, U.S. Deputy Surveyor in July of 1859.

The bearings between corner positions are true bearings referenced to the East One-Half of the North section line of Section 23, as determined by a solar observation by James J. Fronsoe, R.L.S. of Amberg, WI. from a Plat of Survey of August, 1986 of Section 23. All distances shown thereon are in feet and hundredths of feet. The control traverse was measured by use of an electronic distance measuring equipment.

The accuracy of this survey exceeds the State requirements of 1 in 3000.

The field notes and a copy of the Plat of Survey are on file in the Forest Supervisor's Office at Rhinelander, Wisconsin.

### CORNERS RECOVERED AND RESTORED

## 1. Northwest Section Corner

In 1977, Jean F. Resvick, RLS. restored the corner position from original corner evidence and original bearing tree stumps set by James McBride in 1859. Resvick placed 2" galvanized iron pipe with brass cap at corner.

Hemlock	14"	S 20°E	22.06 feet
White Pine	6"	s 60°W	33.38 feet
Steel Sign Post		East	0.50 feet

## 2. North Quarter Corner

Corner position restored by single proportionate measurement methods on line between the Northeast corner of 14 and the Northwest corner of Section 14. Corner falls on a large rock. Chiseled an "X" on side of rock and set a Witness Corner, being a 2 1/2" aluminum pipe monument, 36" long and 6" above ground surface.

Sheet 3 of 5

## 3. Northeast Section Corner

In 1964, Jean F. Resvick, RLS. restored corner position from original bearing tree evidence set by James McBride in 1859, and also found a old sand point marking corner position which he accepted. Resvick replaced sand point with 2" .iron pipe with stamped brass cap.

In 1986, James J. Fronsoe, RLS. recovered corner position from evidence set by Jean F. Resvick in 1964.

Steel Sign P	ost 6'	South	0.70 feet

## 4. East Quarter Corner

In 1986, James J. Fronsoe, RLS. found a 1 1/2 diameter iron pipe lying down next to a stake hole with a ring of stones. Fronsoe found the remains of the original bearing tree stump holes set by James McBride in 1859 and accepted this as the best available evidence for restoring corner position. Fronsoe set a 2" x 36" aluminum pipe with cap.

## SURVEYOR'S CERTIFICATE

State of Wisconsin)ss County of Forest)

I, Gary L. Pisoni, a Cadastral Surveyor, and a Registered Land Surveyor in the State of Wisconsin, hereby certify that I have surveyed and sub-divided Section 14, Township 36 North, Range 14 East, Fourth Principal Meridian, State of Wisconsin.

The plat map and survey notes herewith are a correct representation of the land surveyed and divided. I have surveyed and sub-divided said section in accordance with the rules for the survey of public lands and with the statutes of the State of Wisconsin.

Date of Survey: 1993-94

Lang L. Prone Cadastral Surveyor

R.L.S. State of Wisconsin

Certificate S-1634
