SURVEY NOTES

This survey was made by the U.S. Department of Agriculture, Forest Service for the purpose of recovering, restoring, establishing, marking, and perpetuating the corners and boundary line of U.S. Government land on the perimeter and within Section 9, Township 40 North, Range 13 East, Fourth Principal Meridian, Forest County, State of Wisconsin as shown on the plat map herewith.

The Original Government Sub-division of this township was done in 1865 by William E. Daugherty.

The U.S. Government land within Section 9 was acquired in 1932, 1934, 1935, 1936 and 1939.

The bearings between corner positions are referenced to the East line of Section 25 as previously surveyed. No curvature corrections have been applied to the bearings in Section 9. The accuracy of this survey exceeds the State of Wisconsin requirement for closure of 1 part in 3000. Corners recovered or established by this survey are marked as described in the map legend. Each monumented corner is referenced to blazed, scribed, painted and tagged bearing trees. Tie bearings to the bearing trees are magnetic and are not corrected for declination.

The field notes and a copy of the plat of survey are on file in the Forest Service Supervisor's Office at Rhinelander, Wisconsin and the District Ranger's Office at Eagle River, Wisconsin.
